EXPERIENCE

Software Engineer II

Microsoft AI

📅 Mar. 2025 – Present 📍 Barcelona, Spain

- Implemented extensive **testing and monitorization of a new endpoint** in the Bing backend. Created prototypes for the new Copilot Search experience.

Software Engineer

Microsoft

📅 Aug. 2024 – Feb. 2025 📍 Barcelona, Spain

- **Core contributor to the new endpoint in the Bing backend** for the new native map app (.NET, CSharp). Also made contributions to the iOS native app.

Cloud Solution Architect

Microsoft

📅 Sept. 2022 – Aug. 2024 📍 Madrid, Spain

- Working closely with main European customers to **design and improve their architecture** in Azure as part of the international Customer Success Unit.
- Part of the infrastructure team, leading projects related to **reliability**, **networking**, **monitoring** and performance efficiency.

Software Engineer Intern

Arbor Fintech

📅 Nov. 2021 – Feb. 2022 📍 Madrid, Spain

- Developed features for internal CRM (incl. Google SSO), improved microservices with containerization, and rebuilt the AWS infrastructure using Terraform.

EDUCATION

Bachelor in Computer Science and Engineering

Universidad Carlos III de Madrid, Spain

📅 2018 – 2022

- **Average mark 8,42/10. GPA: 3.72**
- **Passed with honors four subjects:** Programming, Computer Structure, Statistics and Principles of computer engineering.
- **Three Scholarships of Excellence** granted by Comunidad de Madrid in 2019, 2020 and 2021.

ABOUT ME

Passionate computer science engineer looking for Software Engineering and SRE opportunities. Fast learner and highly adaptable to new environments. Experienced in cloud technologies, distributed systems, programming, and building relationships with customers.

SKILLS

Azure | Computer Networks | System design | Kubernetes | Linux | DevOps | Git | Containerization | AWS | Cloud Architecture | Terraform | Microservices | Troubleshooting

LANGUAGES

- **English**: Fluent
- **Spanish**: Native

SOFT SKILLS

- **Growth Mindset:** I am constantly looking to step out of my comfort zone and grow as a person and engineer.
- **Self-Awareness:** I can easily receive feedback and be aware of which areas I need to improve.
- **Curiosity:** I love learning about many different fields and working in innovating environments.

INTERESTS

- **Sports:** Hiking, crossfit, running.
- **Travelling.**
- **Entrepreneurship:** I love building products and see how people use them.
